

Verschlusskappen

Verschlusskappen PV...VK3 aus TPE zum dichten Verschliessen von PV-Steckverbindern, die nicht gesteckt sind. Sie können unverlierbar befestigt werden indem die Öse einfach über die Leitung gezogen wird.
Schutzart, gesteckt IP67.

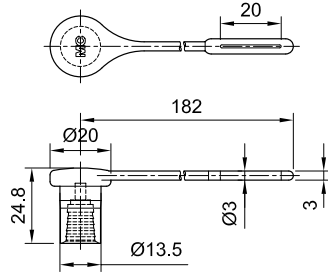

Sealing caps

Sealing caps PV...VK3 made from TPE for tight sealing of unplugged PV connectors. To prevent loss, simply push the strap loop over the cable connector.
Degree of protection, mated IP67.

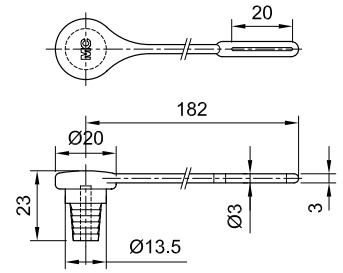

Bouchons de protection

Bouchons de protection PV...VK3 en TPE pour obturer les connecteurs PV non connectés. Ils peuvent être rendus imperdables par enfilage de la boucle arrière sur le câble.
Degré de protection, connecté IP67.
